## Consumer's Dollar Loses More Power

WASHINGTON (AP)—The consumer's dollar lost about a third of a penny's worth of buying power last month as the cost of living mounted to another record peak.

The Labor Department's index for September, made public Friday, showed a rise of three-tenths of one per cent in consumer prices. It was the fifth increase in six months.

All major costs of city families rose except transportation, the Bureau of Labor Statistics said. The index stands at 125.2 per cent of the 1947-49 average. The previous high was 124.9 in July.

Some 1,236,000 workers gained pay boosts under self-adjusting wage contracts intended to keep pay in line with changing prices. These included \$50,000 railroad workers who will get a three-cent hourly increase under contracts adjusted semiannually; 370,000 electrical equipment and aircraft workers whose quarterly adjustment is worth about one cent an hour on the average; and 16,000 others who will receive two cents an hour more.

**Price Chief**  
The bureau's price chief, Hersey S. Riley, said part of the price rise was seasonal. He rejected a reporter's suggestion that inflation was creeping again.

But there seemed to be at least an even chance that the index for October would show another increase. This report will be completed a month from now.

Auto and fuel prices are due to be higher. The Oct. 1 increase in the federal gasoline tax alone is sufficient to raise the entire index by one-tenth of one per cent.

On the other hand, food prices—representing about 30 per cent of the average city family's budget—are due for a seasonal decrease. In September they went up three-tenths of one per cent.

Transportation costs were down two-tenths of one per cent because of bigger discounts on 1959 model cars. However, the price of used cars rose 1.1 per cent.

## Man, Wife Killed Near Allentown

ALLENTOWN (AP)—A California Air Force lieutenant and his wife were killed Friday in a three-vehicle collision on the Lehigh Turnpike near here.

The victims were 1st Lt. William S. Scholvin, 25, and his wife Joyce of Rancho Cordova. The Scholvin's two children, Susan, 2, and William I, were at their parents' home in Harrisburg.

**Sideswiped**  
Police said Scholvin's station wagon was sideswiped by an automobile passing it, and that both vehicles crossed the median strip. A tractor-trailer operated by George R. Brown, 60, of Detroit, slammed broadside into the station wagon.

Brown escaped injury. The other motorist sped away from the scene. He was being sought.

## Former Castro Aide Drops Leaflets

WASHINGTON (AP) — Maj. Pedro Diaz Lanz, former head of Fidel Castro's air force, was the man who dropped leaflets from a plane over Havana, it was learned from the FBI Friday night.

The Federal Bureau of Investigation was asked whether it had made any inquiry in connection with complaints by the Cuban government that the plane which flew over Cuba had come from U.S. territory.

An FBI spokesman said Diaz Lanz was questioned in Miami Friday afternoon.

"He admitted to the FBI that he headed the flight," the spokesman said.

The FBI was asked whether the plane involved flew from the United States.

"The flight did emanate from the United States," the FBI spokesman said.

Diaz Lanz, the FBI said, told investigators he flew the plane and dropped the leaflets.

**Instigator**

"He was the instigator of the whole idea," the FBI spokesman said.

The FBI quizzing of Diaz Lanz was made in connection with an investigation by various agencies of the United States government to see whether there had been any violation of federal law.

There was no immediate indication whether any legal action would be taken against Diaz Lanz.

The anti-Castro leaflets which were dropped on Cuba Wednesday bore the signature of Diaz Lanz.

He was branded a traitor by Castro after he quit as air force chief and fled to Florida.

Diaz Lanz has repeatedly described Castro as a Communist.

Diaz Lanz said at Miami during the day that he had definite information Fidel Castro "will order some bombings in different places so he can blame the United States."

The former Cuban air force chief made that statement in an interview with newsmen Dick Lobo of Miami television station WCKT.

**Television Broadcast**

Castro said in a lengthy television broadcast which ended early Friday that the United States allowed planes to fly from its territory to bomb Havana.

There is some question as to whether bombs actually fell from planes which showered Havana Wednesday with anti-Castro leaflets bearing the signature of Diaz Lanz.

Diaz Lanz himself would make no comment on his possible connection with the leaflets but said he had reports from Havana that no bombs were dropped.

In Havana, meanwhile, Castro appealed to the Cuban people to help him through his regime's darkest hours.

In the wake of the first bloodshed in Havana since the bearded revolutionary leader took over in January and the shakeup of the army in Camaguey, Castro called for a mass demonstration Monday by the people to show support of the revolution.

Castro made his appeal in a marathon TV appearance which drew another wedge in the widening gap of Cuban-U.S. relations.

## Red China Kills 17 Indians

NEW DELHI, India (AP)—Red China's troops killed 17 Indian border policemen in a new strike in a disputed border area in north Kashmir, Prime Minister Nehru's government charged Friday night.

Three other Indians were reported wounded and an undetermined number missing from a patrol surprised by sudden, heavy fire Wednesday 40 miles or more inside India's traditional frontier.

A stronger Chinese force, entrenched on a hilltop, supplemented its rifle fire with grenades and mortar shells, but the Indians fought back, the government said.

Asked if the two had come in to purge themselves, Hogan said: "I don't want to adopt that language."

There was no estimate of the Chinese casualties.

The Indian and Chinese governments exchanged protests. While the Indian government was suppressing the story to assemble facts for a note to Peking, the Chinese fired a note here Thursday charging the Indians with responsibility.

The action was by far the fiercest in a series of border clashes that reached crisis stage two months ago, with each side accusing the other.

It came just three weeks after Soviet Premier Nikita Khrushchev, visiting China's Mao Tse-tung in Peking, declared world differences must be settled through negotiations. "We must do everything possible to preclude war," he said.

It followed by four weeks a letter from Nehru to Red China's Premier Chou En-lai calling for a Chinese withdrawal from Indian territory to open the way for negotiations on specific differences about the frontier. Chou has never answered that letter.

Wednesday's battle took place in Kashmir's Ladakh province, a largely barren plateau land fronting on the Tibetan Himalayas.

## Both Sides Request New Conferences

PITTSBURGH (AP) — The United Steel Workers and the steel industry's four-man negotiating team agreed Friday night to resume contract talks today (2 p.m. EDT) in efforts to end the 101-day nationwide steel strike.

The new round of talks were scheduled in rapid fire developments that saw both sides requesting meetings.

The union asked the industry to meet Monday. The industry replied it would like to get started Saturday.

Both parties are under directive from the U.S. Third Circuit Court of Appeals to resume bargaining quickly.

While the negotiations were being scheduled, Secretary of Labor James P. Mitchell urged negotiations "around the clock until an agreement is reached."

USW President David J. McDonald sent invitations to 96 steel companies to meet with the union in Pittsburgh Monday. All were named as defendants in a government request for a Taft-Hartley injunction.

Today's talks will bring together the union's four-man negotiating team and a four-member team that has represented industry in most of the talks since they began last May.

The union's invitation Friday called for separate meetings with each of the 96 companies closed by the strike. McDonald said he still hopes to hold individual meetings with each firm Monday.

Neither the industry nor the union had any comment on a possible new proposal being submitted Friday.

**Circuit Court**  
The U.S. Third Circuit Court in Philadelphia directed that bargaining be resumed at the same time it stayed enforcement of a Taft-Hartley 80-day injunction. The injunction was issued in Pittsburgh last Wednesday.

The federal government requested the injunction, claiming the strike is threatening the nation's economic health and safety.

The appellate court issued the directive in delaying enforcement of a Taft-Hartley injunction ordering the Steelworkers back to the mills.

A ruling on the union's appeal seeking to overthrow the injunction is expected sometime early next week.

The Philadelphia court must decide if the strike constitutes a national crisis and if that section of the Taft-Hartley Act permitting a ban on strikes for 80 days is constitutional.

At issue in the strike are union demands for wage and fringe benefit improvements, and industry demands for changes in local plant work rules to effect production economies.

Steelworkers earned an average of \$3.11 an hour before the strike. The walkout has shut down nearly 90 per cent of the country's steelmaking capacity. In addition to the strikers an estimated 275,000 workers in allied industries have been idled.

**Living Cost  
Holds Edge  
Over Income**

WASHINGTON (AP) — Census Bureau figures showed recently that family incomes were up about two and one-half percent last year over 1957, but living costs gained by nearly three percent.

The bureau said the 1958 median income for families was \$5,087, or \$116 more than in the year before.

A median figure is one in the middle of a series of statistics, with half the others below it and the other half above it. It is not necessarily the average.

Other median figures in the report: For nonfarm families, income was up by \$106 to \$5,338 in 1958. Farm families had a rise of \$257 to \$2,747.

The percentage of family heads who worked full time in 1959 declined to 62. It was 65 a year earlier.

**Hit-Runner Caught**

PHILADELPHIA (AP) — Police said Friday they arrested a woman in connection with the hit-run death of a 72-year-old West Philadelphia man.

Richard Allenburg was killed Friday by a driver who allegedly failed to stop at the scene of the accident. Police said they have arrested Ma Laura Fite, 41, of Norwood.

# Persecution Of Christian Church Related

By Newman Campbell

OUR LESSON today tells of the "first persecution of the Christian church." Many more followed: "We cannot read far in the Book of Acts before coming upon further references to saintly Christians being put to death for the sake of the gospel. Ten terrible persecutions fell upon the church in the following 250 years, and the Church has experienced persecutions even to the present time," the Rev. Dr. Wilbur M. Smith tells us.

As Peter and John "spoke unto the people, the priests, and the captains of the temple, and the Sadducees, came upon them. Being grieved that they taught the people, and preached through Jesus the resurrection from the dead." — Acts 4:1-2.

We quote again from Dr. Wilbur M. Smith's *Peloubet's* Notes: "The Sadducees, for the most part, comprised the priestly nobility in the time of Christ. They were liberals in theology, indifferent to religion, and aristocratic in temperament."

What seems to have annoyed them most was that Peter and John were unlearned, ignorant men, but they had performed a miracle of healing and spoke with authority. "And they laid hands on them, and put them in hold unto the next day; for it was now eventide. Howbeit many of them which heard the word believed; and the number of the men was about 5,000." — Acts 4:3-4.

And Annas the high priest . . . and as many as were of the kindred of the high priest, were gathered together at Jerusalem. And when they had set them in the midst, they asked By what power, or by what name, have ye done this?

Then Peter, filled with the Holy Ghost, said unto them, Ye rulers of the people, and elders of Israel, If we this day be examined of the good deed done to the impotent man, by what means is he made whole? Be it known unto you all, and to all the people of Israel, that by the name of Jesus Christ of Nazareth, whom ye crucified, whom God raised from the dead, even by Him doth this man stand before you whole." — Acts 4:6-9.

"Neither is there salvation in any other; for there is none other name under heaven given among men, whereby we must be saved." — Acts 4:12.

"Now when they saw the boldness of Peter and John, and perceived that they were unlearned and ignorant men, they marvelled; and they took knowledge of them, that they had been with Jesus." — Acts 4:13.

The council ordered the two men "to go aside out of the council" and "they conferred among themselves, saying 'What shall we do unto these men? for they have been noted to stand in the temple, and to speak unto the people, and we cannot deny it.' So they decided to threaten them, to speak no more in Jesus' name." — Acts 4:15-17.

When Peter and John were told of this, "they answered and said unto them, Whether it be right in the sight of God to hearken unto you and more than unto God, judge ye. For we cannot but speak the things which we have seen and heard." — Acts 4:19-20.

After further threats, Peter and John were released.

After their prayer, while the apostles were still together, "they were all filled with the Holy Ghost, and they spoke the word of God with boldness." — Acts 4:31.

We cannot perform miracles of healing, but do we always speak out boldly if our religion is mocked? Let us all remember that, if like Peter and John, we have no silver or gold to help our friends, we can give them what we have — love and kindness always.

## Make-Believe

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Philippians	1	18-19
Monday	Luke	13	22-30
Tuesday	Philippians	4	12-13
Wednesday	Job	11	18-19
Thursday	Colossians	4	2-4
Friday	Matthew	19	13-15
Saturday	Romans	11	33-36

This is make-believe . . . tying a bundle to a stick and pretending to set forth upon a great journey. His lively little imagination glows as he thinks of all the things that will happen on his adventure. Maybe, right around that bend in the road, he'll run smack into a big brown bear . . .

And because that's a "scary" idea, he takes off his hat, puts down his bundle, and contents himself with playing blocks in the middle of the living room floor. Yes . . . it's fun to make-believe. But only when you can do it right in the safety of your own home!

Home, just now, is his place. In it, he feels a wonderful sense of security, basking in his parents' love, knowing by instinct that they are there to help and guide him. At night when he kneels to say his prayers, his mother tells him the beautiful story of Christ. She is preparing him for the day when he will go to Church School, when he will become part of the Church. She knows that, during his life, when he actually sets forth upon journeys, the Church will be his home, and that it will help protect and guide him when she cannot.

## Action On Missiles

Those of us who have felt concern over America's space program were given a lift when President Eisenhower moved to clear up the conflicts and confusion hampering the development of new rockets and missiles.

The Chief Executive said he will ask Congress to approve the transfer of the Army's ballistic missile agency at Huntsville, Ala., from the Defense Department to the civilian National Aeronautics and Space Administration.

Thus there would be an end to the long-standing uncertainty over the status of Army's celebrated "space team" of 2,300 civilian scientists and technicians headed by Dr. Werner von Braun.

The same also would apply to the Army missile team's controversial "Project Saturn." The transfer of this giant rocket to NASA would remove any question of its being a military enterprise.

Moreover, within the administration, a clearer guide line had been laid down for the Defense Department and

NASA. In the past, these two have differed sharply over which space projects were "military" and which were "scientific."

Before the President's action, the administration's space program has been under mounting criticism. Maj. Gen. John B. Medaris, Army missiles chief, had resigned, though he said it was not as a protest. Dr. von Braun was complaining of "wasting time and energy in ponderous reappraisals and reexaminations" of the space programs.

How Congress will react is problematical. The Army, of course, has its friends on Capitol Hill. As for the "space team" itself, Dr. von Braun already has said that once the President made a decision, his group would be "just as co-operative as we always have been."

What matters most is that up to now, our space program has been handicapped by bureaucratic wrangling while the Soviets have been increasing their lead into space. Obviously, whatever will correct that situation should be regarded as a net gain.

## The Problem Of Retirement

More and more people—from sociologists to medical authorities, and from business leaders to government officials—are becoming deeply concerned with the practice of retiring workers at some arbitrary age, such as 60 or 65.

The life span has been expanded considerably. The percentage of elderly people in the population is increasing steadily. And, thanks to medical progress and other factors, the elderly, in large part, retain mental and physical vigor into advanced years.

Under such circumstances, it seems folly to forcibly retire men and women

at some given age regardless of their abilities and energies and desires.

We all know of people who are making outstanding contributions to the world in old age. Herbert Hoover, for instance, has just become 85, but he works 10 hours a day, is writing four books, and maintains a heavy schedule of appointments.

Destiny marks few of us to become a Hoover. But millions of elderly people can perform valuable tasks. They need to keep usefully occupied, and the nation needs their services.

### Reports From Congress

## Plenty Of Veep Potential

#### By Congressional Quarterly

Washington — There were a few gasps of surprise recently when House Minority Leader Charles A. Halleck of Indiana came right out and said he would willingly be Vice Presidential nominee on the GOP ticket in 1960.

Admitting you would take that job is just one of those things that isn't done in politics.

Nonetheless, the woods are full of Vice Presidential possibilities — most of whom will vehemently deny they covet the job.

The standing joke, of course, is that the Democrats have nothing but Vice Presidential timber. Sens. John F. Kennedy of Massachusetts, Hubert H. Humphrey of Minnesota, Stuart Symington of Missouri and Lyndon B. Johnson of Texas—according to this semi-serious theory—all fit better in the second spot than in the higher position to which they are believed to aspire.

Kennedy has hinted he might settle for second, but only if Adlai E. Stevenson were No. 1. The others just aren't saying.

## Is He Is?

Dear Abby: I live in a town where almost everyone is related to me. The ones who aren't related to me are related to my relatives. I am a little bit of a gossip.

The only man I am interested in is the new minister who is single. They say he is sort of engaged to a girl from out of town. He pays a lot of attention to me, but everyone says it is only because I take him places in my car. He has none.

I would like to know if he considers me a romantic possibility or a means of transportation. How can I get this information without making myself look foolish? I am 21 and he is 29.

GIRL WITH CAR

Dear Girl: First find out what "sort of engaged" means. It is unlikely that a minister would declare his intentions to marry one girl and "court" another. If he is officially engaged then consider yourself a chauffeur. If he is not engaged and pays you a lot of attention, then disregard the town talk, shift into high, and enjoy the free-wheeling.

Dear Abby: Please print this for my dear wife. If she

doesn't see it, I'm sure it will apply to many others.

To whom it may concern: By now you are back home and everything is fine. Or is it? You went away for the summer (you said the children needed a vacation) and you left your husband all alone. What did you expect him to do? Go home to an empty house every night and scramble an egg and watch TV?

I work for him. He was plain lonesome. He suggested dinner together and I said yes. I said yes to a few other suggestions, too. But don't worry, I didn't try to steal your husband (although it wouldn't have been difficult).

I'm quitting my job because I really feel hard for this wonderful man and I don't want to get involved any more deeply than I am. I'm just giving you a little tip. You women who have good husbands should stay home and take care of them. If you leave him alone again, the next girl might not be as charitable as "CALL ME HONEY."

Confidential to "AI": Hire a lawyer. His fee will be nothing compared to what it could cost you if you don't.

What's your problem? For a personal reply write to Abby, care of this paper. Enclose a stamped, self-addressed envelope.

DO YOU RECALL the former Alvin Meixell homestead at 1170 W. Main St., Stroudsburg? It is shown here decorated for Old Home Week in 1911. Building was remodeled several times since that date and is now home of Laurel Manor. Photo was loaned to The Daily Record by Mrs. Kenneth Meixell, Stokes Mill Road.

## Television Quizzes

Once upon a time, my friend, Vivien Kellems, the tax expert and manufacturer, appeared on the "64,000 Question" show. She was asked a question about taxes. She was told that she was wrong. She tried to argue. She was told that the experts (no names) said that she was wrong.

I telephoned to the producer of the show and asked him if I could have a transcript of this discussion as I would like to write about it.

Usually, such a request is responded to immediately as most shows want publicity in newspapers. In fact, I am often snowed under by transcripts in the hope that the show might be mentioned in this column.

I was promised the transcript of the Vivien Kellems show immediately. I never received it.

Subsequently I watched this and other quiz shows and often checked questions and answers and was shocked by the arbitrariness of the accepted answers. Sometimes a question can be answered correctly in three or four different ways.

But the quizzers had no doubts at all. They were like the electrical machines which mark examination papers, so that students are forced to memorize but are forbidden to think.

Although I questioned the justness of the techniques employed, I could not imagine that the quizzers would risk cheating, for cheating must show up sooner or later. And it has.

The essential issue that Representative Owen Harris's Committee has raised is one of cheating. The defense is that T. V. is theater; it produces shows; its material is called a show. Therefore, the quiz shows were theater and therefore existed only for amusement.

The characters were chosen because their personalities contrasted sharply with the subjects they chose and where there were two, they looked like Mutt and Jeff or Lil Abner or some other freaks. It was all done to amuse.

This is afterthought, hindsight and falsehood. The quizzers were presented usually as authentic, unheeded displays of extraordinary knowledge. No matter how the show was mounted, whether elaborately as the "64,000 Question" or simply as "21," the interest was in the startling knowledge and memory of the person who offered himself for test.

None of the characters came to these shows as professional actors and if some showed themselves to be marvels of suffering and torture, we assumed that they were sincere. For instance, Charles Van Doren seemed to suffer, but is he Hamlet?

The hero of this business was Charles Van Doren, member of a distinguished family of scholars and writers. In a way, Charles Van Doren was less of a surprise than some of the other contestants. He is a teacher at Columbia University, as have been so many members of his family.

It was to have been expected that Charles Van Doren would know the insides of books and that he would have a broad knowledge of the humanities. But he knew so much more than that young people decided that he was not only long-hair but

also short-hair, that he was not only a square but a regular guy.

He became a national hero and he made the program on which he appeared. Psychologically, the public response to him was like the response to Charles Lindbergh when he flew to Europe solo.

Had Van Doren been advised, he would have gone to Washington to appear voluntarily before the Congressional Committee, to tell all. He would have remained a hero, no matter what he said.

His failure to do that requires a better explanation than has thus far been given. As is usual with lawyers, who rarely understand public relations, the statements that have been issued have so confounded the public that it wonders what the truth really is.

His own press interview was a dud. So, Charles Van Doren is no longer a hero. He has permitted a period of doubt to intervene during which the public amazement at his conduct increases.

The report that he was shown the questions in advance requires confirmation or denial in detail immediately. The press is now as good a place to make the denial as anywhere. Every day that passes without a denial hurts Van Doren's reputation. He may not be able to regain it if he waits too long.

Meanwhile, C.B.S. has announced that it has driven its cheats off the air. No other network has gone along.

### Jim Riley Says:

## New Street Aid To Traffic

McConnell St., Stroudsburg, is rapidly developing into one of the major thoroughfares in the borough.

The new street named for the former Stroudsburg Chief of Police, is currently carrying traffic off the new Inter-Borough Bridge.

Although the street isn't finished yet, the completed section is enabling traffic to flow smoothly off the bridge.

When completed, McConnell St. will be one of the most traveled avenues in Stroudsburg.

Last week there was a very special bowling score registered at Harmon's Recreation in East Stroudsburg.

Although no official announcement concerning the score was made, it was revealed that the mark may stand up against all challengers down

through the year. The person who registered the score has also been kept secret, although the initials, so I'm told, are K. C.

Might say it was the spirit of '76.

David Carlton, son of Mr. and Mrs. Burton Carlton, La-Anna, has accepted a position as electronics technician in the engineering laboratory, working on specialty devices, at General Electric Company, Syracuse, N. Y.

A graduate of Greene-Dieter-Sterling Joint School, Newfoundland, he attended West Chester State Teachers College for two years, and received an associate degree in electronics at Temple University.

A Signal Corps reservist, he took basic training at Fort Knox, Ky., and then took a 27-week course in electronics at Fort Gordon, Ga.

Barbara Harvey has been elected vice-president of the Women's Athletic Assn. at Mansfield State Teachers College.

Miss Harvey, the daughter of Mrs. Camille Harvey, 138 Maple Ave., East Stroudsburg, is a senior in the home economics department.

Ralph F. Peo, chairman of the Board of Houdaille Industries, Inc., has announced the appointment of Eric G. Boehm as general manager of the Manzel Division in Buffalo, N. Y.

Boehm has been associated with Houdaille and its predecessor companies for more than 20 years in various management and production-executive capacities.

He was formerly general manager of the Buffalo Hydraulics Division, and more recently general manager of the Buffalo Bolt Division of the Buffalo-Eclipse Corporation in North Tonawanda, N. Y.

Manzel manufactures automatic force-feed lubricators, chemical metering equipment, slurry pumps and hypochlorinators.

Houdaille has an outlet in both Stroudsburg and Portland.

### The Allen-Scott Report

## Offer To Khrushchev

#### By Robert S. Allen and Paul Scott

Washington — The U. S. is making a "significant exploratory offer" to Premier Khrushchev on that sweeping disarmament scheme he unfurled in his United Nations speech.

The U. S. is proposing that the two countries join in sponsoring a resolution to do the following: Commit all UN members "to the principle" of reducing armaments, including nuclear weapons.

All disarmament plans pending before the UN, including Khrushchev's, to be referred "for detailed study" to the 10-

nation Disarmament Committee that is slated to convene in Geneva in January.

The Kremlin has had this U. S. proposal under consideration for several weeks. Secretary Herter is telling congressional leaders there has been nothing definite on what Khrushchev is likely to do about it.

However, Ambassador Lodge thinks the prospects are favorable for Soviet acquiescence.

There is one important precedent for such joint action.

In 1954, Russia joined the U. S., Britain, France and Canada in sponsoring a UN resolution along the same line. As unanimously approved by the General Assembly, this declaration endorsed the "principle" of disarmament, and called on the East-West powers, then meeting in London, to consider all disarmament proposals before

the UN. What It's About — Three factors are behind U. S. strategy in proposing a joint resolution with Russia:

Need for additional time by the State Department to complete a comprehensive disarmament plan that is to be presented to the U. N., probably by Secretary Herter, before the end of this year.

In the meanwhile, to "divert" a possible Soviet move to seek General Assembly approval of Khrushchev's disarmament scheme.

Considerable backstage concern over the possibility that the General Assembly, in an early showdown, might endorse the Kremlin ruler's endgame proposition.

Ambassador Lodge has frankly warned President Eisenhower and Secretary Herter about this possibility. He cited the following disturbing indications on that:

(1) Khrushchev's disarmament program has made a powerful impact on small, undeveloped and "neutralist" nations. (2) Eight South American countries bolted the U. S. in supporting Turkey for a vacancy on the Security Council, as against Poland backed by the Soviet bloc. After more than a score of ballots, this deadlock was finally recessed until next month.

After a detailed study of these South American "defections," Ambassador Lodge reported they were due primarily to Khrushchev's disarmament plan, his spectacular visit to the U. S., and continued dramatic space explorations.

The 10 nations comprising the Disarmament Committee, that meets in Geneva in January, are — U. S., Britain, France, Canada, Italy, Russia, Poland, Bulgaria, Rumania and Czechoslovakia.

Getting Set — Despite those continuous pronouncements that nothing has been decided on a summit conference, the State Department has leased the large and handsome Villa Greta in Geneva for all of December.

This estate is where Secretary Herter stayed during the two fruitless foreign ministers conferences last summer. Now a lot of new furniture and other equipment is being moved into the Villa — clearly in preparation for a higher official than Herter.

The Inter-American Peace Commission is quietly probing the causes of tension in the Caribbean. Headed by John Drier, the Commission was set up by the Organization of American States, at a meeting in Santiago, Chile, in August, to determine what was behind the alleged "invasion" attempts of Haiti, the Dominican Republic, Panama and Nicaragua. The other members of Drier's group are representatives of Uruguay and El Salvador.

Iraq officially celebrated United Nations Day, notwithstanding the policy of fulminating against "imperialists" and "colonial powers." With Premier Kassem's personal approval, a committee of leading Iraqis was set up to conduct the United Nations Day ceremonies.

President Lopez Mateos, in his talks with President Eisenhower, disclosed that Mexico is going to intensify its land reform program, which means taking over more foreign-owned holdings, and tightening the laws dealing with foreign investments. Said Mateos, "We sincerely welcome foreigners to our country, but wholly on our terms. We will not tolerate exploitation by anyone."

## Invitations To Parade

John F. Hill, Editor  
The Daily Record  
Dear Mr. Hill:

In Tuesday's Daily Record you speak of vandalism around Halloween time and ask for ideas to provide fun and merriment without risk of damage or personal injury.

I ask you, and the other people of Monroe County, "have you forgotten about the annual Halloween parade?" Each year, the Jaycees, with the cooperation of the Businessmen's groups in the two towns sponsor a Halloween parade.

Each year public participation becomes less and less. Why? Are people disinterested, or just too lazy to parade through the towns in costume? In past years, many, many people dressed up and marched, but recently there have

been more bands and horses than costumed marchers. We don't discourage bands or horses, quite the contrary. They are a part of every parade and rightfully should be, but where are costumed marchers of years gone by?

This year, why not a mass effort on the part of everyone to get out and join the parade. There will be plenty of cash prizes and a gala block dance at Court House Square at the termination of the parade on Oct. 29.

So let's have everyone, young and old alike, go to the attic, or to the cellar, and dig out those old costumes and join the parade and help restore it to its rightful place as a community get-together.

RUSS IRWIN, Secretary  
Pocono Mountains Junior Chamber of Commerce

## Red Cross Thanks Public

Mr. John F. Hill, Editor,  
Daily Record  
Dear Mr. Hill:

We at the Red Cross are very proud of the way the people of Monroe County responded to our most recent Bloodmobile visit.

Frequently in the hustle and bustle of our daily activities, we forget to pause and speak a few words of praise and thanks. If this per chance, has happened to us, we apologize.

It would be impossible to name all the individuals and

organizations that had so willingly helped make this visit as successful as it was. So to all, we say thank you.

We believe the people have shown they want to continue the Blood Program, and we shall do all in our power to make this possible.

# Blouse Factories To Lay Off 2,000 Workers Monday

## Action To Cover Two Counties

**BANGOR** — Robert Mikus, executive secretary of the State Belt Apparel Contractors Assn., said last night at least 2,000 workers in 130 blouse factories in Northampton and Monroe counties will be laid off as of Monday.

Mikus said there are approximately 6,000 employees in the mills.

Mariano Saveri, association president, and Mikus said they are receiving reports from New York City jobbers that department stores and city jobbers are not buying any blouses.

They attributed the loss of market to economic effects of the nationwide steel strike.

**Statement**  
Mikus complete statement said:

"The bottom appears to have dropped out of the blouse market. We have lost the holiday trade and we don't see where there'll be much improvement before the end of the year.

"Department store buyers have held back because of the small demand for our products. All of them are wary and jobbers tell us they have held off because of the steel strike. This has gone on too long. We know what strikes can do, having gone through a six-week strike in the blouse industry last Spring."

Mikus said areas affected include Bangor, Roseto, Pen Argyl, Wap, Bath and Northampton in Northampton County; Stroudsburg in Monroe County; Allentown in Lehigh County; and Wilkes-Barre in Luzerne County.

He said the average blouse worker's pay is \$60 weekly. The layoff will cost approximately \$120,000 a week in pay for this area.

## Four In Commission Campaign

(Continued From Page One)  
antiquated methods of assessing. With proper checks I believe a lot of this tax money could be collected, thus lowering the amount we would have to collect from our permanent citizens.

**Second:** I believe the county commissioners should take a more active part in trying to bring in new industry. I believe we could re-orientate our industrial and resort promotions. We could attract industry to our area by showing them what wonderful recreational facilities we have for their employees. Pages could be written on both subjects.

## Board Shows Interest In Driving Class

**BANGOR** — Reorganization of the Board of the Bangor Public Library occurred at the annual meeting held at the library Thursday night. The ballot followed a report of the nominating committee by Mrs. George Mace.

Mrs. George Parry, Mrs. Nellie Masters and Mrs. Joseph L. Farace, whose terms as directors expired, were re-elected as directors.

Named as officers were Mrs. Farace, president; Mrs. William Hough, vice-president; Mrs. Lester Houck, second vice-president; Miss Lovetta Punturo, secretary; Mrs. George Parry, corresponding secretary; Asher G. Abel, Sr., treasurer; and Miss Olive J. Blake, librarian.

Miss Punturo gave the reports of both the secretary and treasurer in the absence of the latter officer. Miss Blake noted that fees and fines have more than doubled since the McNaughton Plan was introduced, indicating a sharp increase in patronage.

A report that an outlying district had been denied the use of the library was received. The board stated emphatically that the facilities are available to all in the area and pointed out that the list of people using the library extends from Wm. R. G. to Portland.

A letter of appreciation was ordered forwarded to Mrs. R. H. Steinmetz for her gift of a table and six chairs. An auditing committee consisting of Sherwood Evans and Willis Gardner was appointed. The next meeting was scheduled for Nov. 19.

Also attending was Horace Blake.

Miss Blake reported a circulation of 1,542 books during September.

## Scouts Name Counselors For Seminar

**THE** first seminar for Boy Scout leaders who work with merit badges will be held Saturday, Oct. 31, at the East Stroudsburg State Teachers College. The program will cover 15 different merit badges and will start with a dinner in the college dining hall. Dr. LeRoy Koehler, president of the college, will give the opening address.

The seminar, according to Dr. Nathan G. Meyer, coordinator, has a two-fold purpose. One is to allow the various Boy Scout leaders who are working in advancement, an opportunity to share experiences. Secondly, it will help establish a uniformly high standard of achievement by those scouts working on merit badges.

The seminar is a workshop type program, according to Dr. Meyer, and will allow much opportunity for all to exchange ideas.

**Fifteen Appointed**  
The head counselor for each of the 15 merit badges have been selected. Eugene McNamara will handle the merit badge on forestry; Armon Williams of Bangor, citizenship; assisted by Jesse S. Flory; Forest Smith, stamp collecting; Dr. Claude N. Leister, first aid to animals; J. F. Grimm, swimming; Dr. Donald B. Corson, music; Summer Bossler Jr., home repairs; Charles Whitlow, camping; Ernest Transue, journalism and signaling; Thomas Knepp, nature; Dr. George Ockerhausen, marksmanship and hiking; Joseph W. Murray, personal fitness; Albert Cross, agriculture; Neil Ruddy of Belfast, first aid and safety; and Parke W. Kunkle, automobilism and aviation.

Advance reservations must be made for the meal and are to be sent to Edwin Buck of Stroudsburg.

# Just Between Us

—by Bobby Westbrook

Last night's theme song might have been "It Might as Well be Spring" to be echoed, no doubt, by the Spring sneezes and sniffles for those people who sat in the warm dampness at the football games last night.

That, of course, is our grapes, because it seemed as if everybody in the office was going to a game. With both high schools playing, we needed to send a crowd. But if you think anybody had to twist Jim Riley's arm to make him take time out from his last Friday night on the city desk to cover one of those games, they don't know that how large a part sport still holds in his heart.

It's been a funny week in the office with Harlan Stone already up in Danbury and the place full of farewell feeling — and unrest. Reminded me somewhat of a barnyard, when two of the flock have already disappeared. Such clucking, and squawking and futility trying of wings.

And then on top of that, the whole advertising force takes off for a holiday in Atlantic City. To change the bird family, the goose with the broken wing honking his resentment as the flock takes off for the South without him is no more frustrated than the rest of us, left behind to cope with obituaries and political meetings.

Maybe a dull and dripping

# S-Burg Salutes Oldtimers, Routs Whitehall, 38-0

STROUDSBURG High's 1959 grid edition saluted honored guests—1929 and 1939 Mountaineer eleven—in grandeur fashion at Gordon Giffels Field last night, walloping Whitehall 38-0 before 1,000 semi-rain drenched diehards.

Darting its backs as intermittently as the falling dew, the Mountaineers spread their scoring between six players in snapping a four-game losing streak.

The victory was the second in six games for the Mountaineers and their second in four tilts in the Lehigh Valley League. Whitehall suffered its fifth setback in six starts and their third straight loss in the LV.

Walt Bjorn's forces, behind a crippling defense, showed midway in the first period how the trend of the contest was going when they drove 48 yards in eight plays with quarterback Warren Loney, on a beautifully executed keeper, skirted five yards into the end zone for the touchdown. Doug Wright, a

running demon all night, and equally efficient ground gainer Bill Schoonover, set up the Mountaineers' initial TD by chopping off 43 of the 48-yard movement. Ron Schulman split the uprights for the 7th point.

Schoonover, going 10 yards to climax another 37-yard sortie in the second period, score what appeared another Mountaineer TD. But the play was called back for a Mountaineer infraction and Schoonover's six-point play was knocked off the books.

**Wright Gets 50**  
But this first half sorrow didn't dishearten the Mountaineers who only had a 7-0 edge in the third period. With one minute only gone in the third, Wright on a dive and perfect blocking, streaked 50 yards to a touchdown and a 13-0 Stroudsburg lead. Schulman's try for the extra point was wide.

Midway in the same quarter Stroudsburg upped the margin to 19-0, going 65 yards in just nine plays with halfback Tom Schatzman going the final four. Again it was Schoonover and Wright, picking up the big yardage, Loney keeping the opposition honest on two yard-gaining keepers which kept the Stroudsburg attack going on full steam.

Schulman's extra point try was no good after Schatzman's TD.

At the tail end of the third stanza the Mountaineers made it 25-0 when Schoonover knifed over from the four to put the finishing touches on a 28-yard, four-play maneuver. Two Loney keepers and a 15-yard infraction against the Zephyrs set up Schoonover's scoring punch. Schulman's attempted conversion was wide.

Stroudsburg's final two six-pointers came in the last quarter, the first a 53-yard advance with Loney keeping and rolling into the end zone for the touchdown. Loney rolls out, Schoonover plunges and a pass from Schoonover to Wright to the Whitehall three did the most damage before the Mountaineer signal-caller loped in. Loney's attempted conversion was low but Stroudsburg was nursing a 31-0 ledge.

**Metzger Scores**  
The final Mountaineer tally came in the waning minutes and was set up when Wright returned Ed Roman's punt 31 yards to the Whitehall 19. In three plays Stroudsburg was over the goal line as Billy Metzger barreled to the 14 and Wright barreled to the one before Metzger glammed his way through for the score. Schulman, who had kicked eight straight extra points before his streak was stopped in the third quarter, resumed his bulls-eye ways with a perfect placement for Stroudsburg's final point—38th.

During the pre-game ceremonies, Stroudsburg high's 1929 and 39 teams were honored by the some 1000 present. All players and coaches were introduced to the assembled.

At halftime, the Stroud Union seventh and eighth grade football teams put on an exhibition.

# E-Burg Edges Wilson, 6-0

## 1st Cavalier Eleven To Blank Foes

By JIM RILEY  
Record City Editor  
EAST Stroudsburg High School made football history in the rain at Memorial Stadium last night with a 6-0 Leigh - Northampton League victory over Wilson Borough High.

The victory marked the first time in the history of football at the N. Courtland St. school that the Cavaliers completely blanked a Blue and Gold band of Warriors from Wilson.

The victory also shoved the Cavaliers back into the Lehigh - Northampton League title picture. East Stroudsburg has an overall record of three wins, two ties and one defeat. But, in circuit competition the charges of Coach Jack Kist are sporting a mark of three favorable decisions and one of the unfavorable variety.

For three quarters the Cavaliers dominated the game, but failed on numerous scoring opportunities.

But, while East Stroudsburg couldn't score, Wilson didn't make a serious scoring threat in the first three periods. The Warriors waited until the last second of play before bringing the near-capacity rain-soaked crowd to its feet.

With the Cavaliers in front by virtue of two good plays in the early moments of the final period, Wilson waited until the final play of the contest to make its major bid. Bob Zucharda hurled a long aerial from the East Stroudsburg 48, only to have it knocked out of his intended receivers hands on the Eastburg five.

**Herman Snuffs Bid**  
Bob Herman, who only moments before had returned to the game after suffering a recurrence of a charley horse, leaped high in the air to bat the ball from the frantic grasp of Bill Stoudt as the game ended.

The Cavaliers, showing a well balanced attack despite the wet conditions, broke the scoreless deadlock with 10 minutes and nine seconds remaining in the last period.

Harold Meyers set up the winning touchdown by returning a punt from his own 40 to the Wilson 38 late in the third period.

Meyers, one of the best runners on the field all night, slanted off tackle to the 31 and then on the same play was held for no gain. Fellman pitched to Ray Uhl for a first down on the Wilson 22, just as the third quarter ended.

Fellman opened the last period by tucking the ball on his hip and sweeping his own left end to the 15. Vic Ajygin never had a chance as the Wilson line swarmed over him on the 17.

Meyers did a tight-rope act on the sidelines and grabbed a Fellman pass on the eight. He raced into the endzone, but it was ruled that the sophomore back had stepped out of bounds right after making the catch.

**Fellman Tallies**  
Fellman swept to his right, then cut back over the tackle and was dumped on the two. The junior quarterback repeated the play and rammed into the endzone. Mike Puzio's pass to Herman for the extra point was dropped by the senior lineman. The play developed from a fake place kick setup.

Wilson never seemed to recover from a brilliant first period punt by Ajygin. The senior fullback kicked from his own 45 yard line and the ball went out of bounds on one bounce on the Wilson one-yard marker.

East Stroudsburg marched to the Wilson 12 in the first period advanced to the visiting 34 in the second round and plugged to the Wilson 14 in the third stanza before launching the winning march.

**Sparkle**  
The running of Bryan Farris, Meyers and Ajygin and the passing of Fellman behind a rugged line sparked for the home standing Kistman. The East Stroudsburg forward wall

## Hunter TKOs Anthony

NEW YORK (AP) — Billy Hunter, a fast-rising newcomer in the heavyweight ranks, stopped lanky Tony Anthony in 104 of the seventh round Friday night at Madison Square Garden. Referee Arthur Mercante stepped between the two men as Hunter was raining punches on an exhausted Anthony, trapped in his own corner. Anthony weighed 181½, Hunter 193 pounds.

Hunter, a 25-year-old Detroit boxer who had stopped Alex Mitoff in his last start as a substitute, hammered Anthony relentlessly throughout. Time after time he pinned Anthony against the ropes or in a corner and blasted away with both hands.

## Dressen New Braves Pilot?

MILWAUKEE (AP)—Charles Chuck Dressen, who piloted the Brooklyn Dodgers to National League pennants in 1952 and '53, was reported Friday in line to become the new manager of the Milwaukee Braves.

An authoritative source told the Associated Press that Dressen, now a coach with the Dodgers in Los Angeles, will be named Saturday to succeed Fred Haney, who resigned three weeks ago. Executive Vice President Birdie Tebbetts said earlier in the week that a new manager would be selected "by Saturday."

The Braves' official family remained silent Friday, but a news conference was in the works for late Saturday afternoon.

# ESSTC Eleven At Waynesburg

EAST Stroudsburg grid Teachers—33 strong and two coaches—fly out from Allentown today for Waynesburg for the second in a series of football battles with the western Pennsylvanians. The Warriors clash with Waynesburg tonight, game time is 8:15 p.m.

Last year East Stroudsburg and Waynesburg struggled through to a 0-0 score.

The Warriors will be seeking their fourth victory in six games, while the Waynes will be after its first triumph in five starts.

Coach Jack Gregory was undecided early yesterday on his starting quarterback. The choice is between freshman Billy Lewis and senior Gary Rumberger. In workouts this week both Lewis and Rumberger excelled in options and passing drills.

**Another Problem**  
Also Gregory was hit with another "nice" problem in the halfback positions as a three-man crew of Joey Simms, Billy Race and Dick Schleicher all appeared raring to get the starting nod.

Other probable Warrior starters will be Ernie Gromlich and Ken Hendricks, ends; Jake Platt and Russ Rogers, tackles; Sterling Brown, Larry Cox or Art Schisser, guards; and Dick Wolslayer, center.

Joining Lewis or Rumberger and either Race, Simms or Schleicher in the ESSTC backfield will be fullback and co-captain John Brunner.

Certain to see plenty of defensive and offensive work for the "Hill" eleven will be Horace Cole, John Shaffer, guards; Harry Powul and Al Wilgard, tackles; Mike Latrona, Billy Byrns and Moe Barber, ends; Earl Faunce and Riney Summerfield, fullbacks; and Walt Snyder, Russ Demech and Jim Hoffer, halfbacks.

East Stroudsburg will stay two nights in Waynesburg, returning to the "east" Sunday night.

**Bow To Frick**  
SAN JUAN, Puerto Rico (AP)—The Puerto Rican baseball league Friday bowed to Commissioner Ford Frick and agreed to sign a contract binding the winter leagues with organized baseball.

Frick had given the local league five days to sign or face having players from the United States withdrawn from the competition.

**Imbt Under Observation**  
JOHN IMBT, Stroudsburg High end, was injured in the final minutes of last night's Mountaineer-Whitehall game at Gordon Giffels Field.

Imbt, a promising flankman, was admitted to Monroe General Hospital for observation.

He suffered a neck injury in a pile up of Stroudsburg and Zephyr players.

Initial examination showed no fracture but he will be kept under observation for a couple of days.

## Bangor High Hopes To Up Skein At Copley's Expense

BANGOR—The State Pickers of Bangor Area Joint High School will invade the home of the Copley maroons on Saturday afternoon in an effort to extend their win skein to three contests. In the past two outings the Slaters have won over Wilson 12 to 6 and last Friday evening over the Mountaineers of Stroudsburg 19 to 14.

Displaying a strong second half comeback against the visiting Monroe Countians, the Slaters went into high gear for the first time this season. Coach David "Dakey" Pritchard indicated that week that if the team should continue to play the type of football it is capable of, its win column should increase each week-end.

The Slaters now sport a 3 win two loss record with some tough contests ahead following the Saturday game at Copley. The Slaters still must face Nazareth at home; Palmerton at home; Hometown away and the final with the Green Knights at Pen Argyl on Turkey Day.

### To Play Subs

Although a tough contest is expected with the Copley Maroons, Coach Pritchard is hopeful that second and third string squad members will be able to carry the weight. Previously, Bangor teams have taken the Copley foe lightly and had to battle all the way for a win. In the 1957 season, the Slaters thought light of the game and lost 13 to 12. With this in mind, the coaching staff has been working hard to keep the team primed for the game.

Changes in the Slater lineup will be noted in that Sal Mollie a veteran wingman may get the call at fullback. With Tim East, regular starter at this post still on the injury shelf; Mollie may get the call over second stringer Phil Felone. Other backfield starters will be Daws at quarter and Jones and Joella at halves. The line will have Warrick and Shemmaker at ends; LaBar and Shack at tackles; Evans and Albert at guards and Gleim at center.

## Nippon Series \$200,000 Racing Twinbill Nears Climax In Man O' War Handicaps

TOKYO (AP)—The Japanese baseball season comes to a roaring climax Saturday afternoon in the Nippon Series.

The Tokyo Yomiuri Giants, perennial Central League champions, meet the Osaka Nankai Hawks (South Sea) Hawks of the Pacific League in a best-of-seven playoff that will monopolize this country's attention for a week.

All 30,000 seats have long been sold out, and \$20 tickets are bringing up to \$30 to scalpers. Activity throughout Japan will undergo a slowdown as millions watch the series on television or cock their ears to the radio play-by-play.

The Giants play a role in Japan like the New York Yankees in America, being at the same time the richest, most beloved and most hated team of the nation, depending on whom you ask.

Entering the classic 2-5 underdog, they seek revenge for three straight series losses, to the Fukuoka Lions, 1956-7. Pacific League champs who finished fourth this year.

Athletics Ink Park Contract

KANSAS CITY (AP)—The Kansas City Athletics and the City Council's Baseball committee have reached a tentative agreement for a 4-year baseball lease on Municipal Stadium, it was announced.

The lease would replace the 5-year agreement between the American League club and the city which ran out last June.

NEW YORK (AP)—The New York Racing Assn. is running a \$200,000 doubleheader Saturday at Aqueduct, with split divisions of the Man O' War handicap each endowed with \$100,000.

This initial running of the stakes honoring America's most famous thoroughbred should be remembered if for no other reason that never before has a racing association doubled the added money.

When the names of 23 horses, most of them grass course specialists, were entered Friday, the split was on. It had been expected for several days.

Eleven were drawn in the first division, with the Cain Hoy stable's Bald Eagle topweighted

and the probable favorite under 125 pounds. The second choice is Mr. Tillyou Christopher's America with 121.

Twelve went into the second division, where Mrs. Herbert Herff's Tudor Era has high weight of 124 pounds. However, Cain Hoy, owned by Capt. Harry F. Guggenheim, may also have the favorite again with One-Eyed King, carrying 120 pounds.

Prince Aly Khan's Sallymount, a French-bred 3-year-old colt who was flown here from England, adds a degree of uncertainty to the second division. Sallymount has 116 pounds, and will be ridden by Australian jockey George Moore.

### Twin City Faces Fleas At Easton

TWIN CITY TV will journey to Easton tonight to do battle with the Fleas Club in a Delaware Valley Bowling League match. The starting time is set for 8 o'clock.

Slated to see action for Twin City are Walt Kelper, Pete Casella, Oscar Stuckey, Ken Barnes and Ken Fetherman.
